

AURAMEX RESOURCE CORP.

INFORMATION CIRCULAR

FOR THE 2018 ANNUAL

GENERAL MEETING OF SHAREHOLDERS

This information is given as of November 13, 2018

SOLICITATION OF PROXIES

This Information Circular is provided to registered and beneficial owners of common shares of AURAMEX RESOURCE CORP. (the "**Company**") in connection with the solicitation of proxies by the Company's management for use at the Annual General Meeting (the "**Meeting**") of the shareholders of the Company, to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. This Information Circular and other proxy related materials are not provided to registered or beneficial owners of the Company's shares under the notice and access provisions of National Instrument 54-101.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of their clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company have advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

APPOINTMENT AND REVOCATION OF PROXIES

This Information Circular is accompanied by a management instrument of proxy which permits registered shareholders who do not attend the Meeting in person to have their shares voted at the Meeting by a proxyholder appointed by the registered shareholder. The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A registered shareholder has the right to appoint a person to attend and act on his or her behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, the registered shareholder must strike out the names of the persons named in the instrument of proxy and insert the name of his or her nominee in the blank space provided, or complete another instrument of proxy.**

The completed instrument of proxy must be dated and signed and the duly completed instrument of proxy must be deposited at the Company's transfer agent, Computershare Trust Company of Canada, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.

The instrument of proxy must be signed by the shareholder or by his or her duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarized certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his or her power, as the case may be, or a notarized certified copy thereof. The Chairman of the Meeting has discretionary authority to accept proxies that do not strictly conform to the foregoing requirements.

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named as proxyholder in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that the common shares represented by the instrument of proxy will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the corresponding headings in this Information Circular. The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority to the person named in the instrument of proxy to vote as such person sees fit with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters that may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgement of the nominee.

ADVICE TO BENEFICIAL HOLDERS OF SHARES

The following information is of significant importance to beneficial shareholders who do not hold shares in their own name. Beneficial shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records maintained by the Company's registrar and transfer agent as registered holders of shares).

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the records maintained by the Company's registrar and transfer agent. Such shares will most likely be registered under the names of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks). Common shares held by brokers (or their agents) on behalf of a broker's client can only be voted or withheld at the direction of the beneficial shareholder. Without specific instructions, brokers and their agents are prohibited from voting shares for the broker's clients. **Therefore, each beneficial shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Brokers and other intermediaries are required by existing regulatory policy to seek voting instructions from beneficial shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients. There are two kinds of beneficial owners of common shares - those who object to their name being made known to the issuers of securities which they own (called "OBOS" for "Objecting Beneficial Owners") and those who do not object to the issuers of the securities they own knowing who they are (called "NOBOs" for "Non-Objecting Beneficial Owners").

The Company is taking advantage of the provisions of National Instrument 54-101 of the Canadian Securities Administrators, which permit it to directly deliver proxy-related materials to its NOBOs. As a result, NOBOs can expect to receive a scannable Voting Instruction Form (a "VIF") from Computershare. These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone and internet voting options, as described in the VIF. Computershare will tabulate the results

of the VIFs received from NOBOs and will provide appropriate instructions with respect to the shares represented by the VIFs they receive.

These securityholder materials are being sent to both registered and certain non-registered owners of the securities of the Company. If you are a non-registered owner and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding shares on your behalf.

By choosing to send these meeting materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for delivering these materials to you and executing your proper voting instructions. Please return your voting instructions by completing and returning the enclosed VIF in accordance with the instructions contained in the VIF.

Management of the Company does not intend pay for intermediaries to forward to OBOs under NI 54-101 the proxy related materials and Form 54-101F7. Beneficial shareholders who are OBOs will not receive the meeting materials unless their intermediary assumes the costs of delivery. In the event that voting instructions are requested from OBOs, such instructions will typically be sought by the shareholder receiving either a form of proxy or a voting instruction form. If a form of proxy is supplied to you by your broker, it will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and the United States. Broadridge obtains voting instructions by mailing a voting instruction form (the "**Broadridge VIF**") which appoints the same persons as the Company's proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a beneficial shareholder of the Company), other than the persons designated in the Broadridge VIF, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the Broadridge VIF. The completed Broadridge VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting.

If you plan to vote in person at the Meeting:

- (a) nominate yourself as the appointee to attend and vote at the Meeting by printing your name in the space provided on the enclosed voting instruction form. Your vote will be counted at the Meeting so do NOT complete the voting instructions on the form;
- (b) sign and return the form, following the instructions provided by your nominee; and
- (c) register with the Scrutineer when you arrive at the Meeting.

You may also nominate yourself as appointee online, if available, by typing your name in the "Appointee" section on the electronic ballot.

If you bring your voting instruction form to the Meeting, your vote will not count. Your vote can only be counted if you have completed, signed and returned your voting instruction form in accordance with the instructions above and attend the Meeting in person.

Approval of Stock Option Plan

The board of directors of the Company have approved a Rolling Stock Option Plan (the “**Stock Option Plan**”) to replace the Company’s existing option plan (the “**Old Option Plan**”) subject to shareholder approval. Under the terms of the Stock Option Plan, the maximum number of Common Shares which may be granted under the Stock Option Plan would be 3,783,289 Common Shares, including 3,534,000 Common Shares allocated to options granted by the Company under the Old Option Plan, representing approximately 9.34% of the issued and outstanding Common Shares as of November 13, 2018.

The Stock Option Plan complies with the requirements of TSXV’s Policy 4.4 *Incentive Stock Options* as it relates to Tier 2 issuers. Under the Stock Option Plan, the Company may grant stock options pursuant to which Common Shares may be purchased by directors, officers, employees and consultants of the Company up to a maximum of 10% of the issued and outstanding Common Shares of the Company.

A copy of the Stock Option Plan may be obtained upon request from the Company c/o Dentons Canada LLP, 20th Floor, 250 Howe Street, Vancouver, British Columbia, V6C 3R8.

The following is a summary of the principal terms of the Stock Option Plan:

The Stock Option Plan provides that stock options may be granted to directors, officers, employees and consultants of the Company, as such terms are defined in TSXV's Policy 4.4 *Incentive Stock Options*.

The Stock Option Plan will be administered by the Company's board of directors.

The Stock Option Plan provides for the issuance of stock options to acquire up to that number of the Company's Common Shares (the "**Plan Ceiling**") equal to 10% of the Company's issued and outstanding share capital as at the date of grant, subject to standard anti-dilution adjustments. This is a "rolling" Plan Ceiling as the number of Common Shares reserved for issuance pursuant to the grant of stock options will increase as the Company's issued and outstanding share capital increases. The Plan Ceiling includes outstanding stock options granted prior to the implementation of the Stock Option Plan. If a stock option expires or otherwise terminates for any reason, the number of Common Shares in respect of that expired or terminated stock option shall again be available for the purposes of the Stock Option Plan.

The Stock Option Plan may be amended or terminated by the board of directors at any time, provided that no such amendment may materially and adversely affect any option rights previously granted to an optionee under the Stock Option Plan without the consent of the optionee, except to the extent required by law. Any stock option outstanding when the Stock Option Plan is amended or terminated will remain in effect until it is exercised or expires or is otherwise terminated in accordance with the provisions of the Stock Option Plan.

The Stock Option Plan provides that other terms and conditions, including vesting provisions, may be attached to a particular stock option, at the discretion of the board of directors. All stock option grants are to be evidenced by the execution of an option agreement, substantially in the form set out in the Stock Option Plan.

The Stock Option Plan provides that it is solely within the discretion of the board of directors to determine to whom stock options should be granted and in what amounts. The number of Common Shares which may be issuable pursuant to options granted under the Stock Option Plan shall be a maximum of 10% of the number of Common Shares issued and outstanding from time to time on a non-diluted basis. The number of Common Shares which may be reserved for issuance pursuant to options granted to insiders under the Stock Option Plan, together with all of the Company's other previously established or proposed share compensation arrangements, in aggregate shall not exceed 10% of the total number of issued and outstanding Common Shares on a non-diluted basis unless the reservation of Common Shares is approved by a majority of disinterested shareholders of the Company. The number of Common Shares which may be issuable under the Stock Option Plan, together with all of the Company's other previously established or proposed share compensation arrangements:

- (a) to any one optionee under the Stock Option Plan, other than to a consultant or employee providing investor relations activities, shall not exceed 5% of the total number of Common Shares issued and outstanding on a non-diluted basis within a one-year period, unless the Company and has obtained the requisite disinterested shareholder approval;
- (b) to any one consultant to the Company, shall not exceed 2% of the number of Common Shares issued and outstanding within a one-year period;
- (c) to all employees of the Company providing investor relations activities (as defined by the policies of the TSXV) in aggregate shall not exceed 2% of the number of Common Shares issued and outstanding within a one-year period; and
- (d) to insiders in aggregate, shall not exceed 10% of the number of Common Shares issued and outstanding within a one-year period unless the grant is approved by a majority of disinterested shareholders.

The period during which an option is exercisable shall not, subject to the provisions of the Stock Option Plan, exceed five years from the date of the grant of the stock option (the "**Grant Date**"), or if the Company is classified as a Tier 1 issuer under the TSXV policies, the period shall not exceed ten years from the Grant Date. In the event an option holder ceases to be a consultant, director or employee of the Company (other than by reason of death, termination for cause or retirement), the stock option will expire on the earlier of the expiry date stated in the option agreement executed in respect to such grant ("**Fixed Expiry Date**") and 30 days following the date of termination. Notwithstanding the foregoing, a stock option will expire immediately in the event a director or executive officer ceases to be a director or executive officer of the Company as a result of becoming disqualified by law or an order is made by a regulatory authority. A stock option will also expire immediately in the event an employee ceases to be an

employee as a result of termination for just cause or an employee or consultant ceases to be an employee or consultant as a result of an order made by a regulatory authority. In the event of death of an option holder, the stock option will expire one year after the date of death or on the Fixed Expiry Date, whichever is earlier.

Common Shares issued on the exercise of a stock option shall be subject to a four month TSXV hold period commencing on the date the option is granted.

The price at which an option holder may purchase a Share upon the exercise of a stock option will be set by the board of directors and in any event will not be less than the market price of the Company's Common Shares as of the Grant Date. The market price of the Common Shares for a particular Grant Date would typically be the closing trading price of the Common Shares on the last trading day immediately preceding the Grant Date, or otherwise in accordance with the terms of the Revised Stock Option Plan.

A stock option will be non-assignable or transferable except that it will be exercisable by the personal representatives of the option holder in the event of the option holder's death.

In the event a formal bid (as defined in Part 13 of the *Securities Act* of British Columbia (the "**Securities Act**")) or a takeover bid exempted from the requirements of Sections 105 to 110 of the *Securities Act* solely by operation of Section 98(1)(d) of the *Securities Act* is made for any Common Shares, each optionee may only elect to purchase the Common Shares then subject to such stock option as provided in the Stock Option Agreement for the purpose of tendering such Common Shares under such bid, provided that the Company's board may take such steps and require such documentation from the optionee which in its opinion are necessary to ensure that such Common Shares are purchased for such purpose.

Director Compensation

The Board determines director compensation from time to time. Directors are not generally compensated in their capacities as such but the Company may, from time to time, grant to its directors stock options to purchase common shares in the capital of the Company pursuant to the terms of the Plan and in accordance with the policies of the TSX Venture Exchange.

Named Executive Officer Compensation

The primary objectives of the Company's compensation strategy are, (i) to provide fair compensation to the Company's executive officers, in light of their qualifications, experience and duties with the Company and compensation received by their industry peers, (ii) to provide incentive to executive officers to sustain and improve corporate performance, and (iii) generally to align the interests of the executive officers and senior employees with

those of the Company's shareholders. The strategy is also intended to ensure that the Company has in place programs to attract, retain and develop management of a high calibre and provide a process for the orderly succession of management.

The process for determining executive compensation is straightforward. Compensation is discussed and awarded by the full Board without reference to any specific pre-determined goals, benchmarks or other criteria substantial input into the process. The primary goal in making specific compensation awards is to reward performance, both individually and at a corporate-level, and to provide incentive for future performance.

In keeping with the relatively simple compensation structure adopted by most venture issuers, the Company's executive compensation has two primary components, cash compensation, and incentive stock options. Cash compensation is determined by the Board on an *ad hoc* basis for both incumbent officers and employees and new hires. The amounts paid to Named Executive Officers for the year ended December 31, 2017 as disclosed in the Compensation Table below, were considered by the Board as being appropriate in meeting the Company's compensation objectives for the year. It is anticipated that the Company's future compensation awards will continue to be influenced by the objectives of the Company to reward performance and provide incentive, as set forth in the foregoing.

Stock options are awarded by the Board on an *ad hoc* basis and are weighted more towards the incentive element of the Company's compensation strategy. The Company considers the use of stock options to be significant in attracting, motivating and retaining employees at all levels. The Company has adopted a formal Stock Option Plan under which specific option grants are made by the Board, at its discretion. In making specific grants to individuals, a number of factors are considered including, but not limited to (i) the number of options already held by the individual, (ii) a fair balance between the number of options held by the individual and the other executives and employees of the Company, in light of their respective duties and responsibilities, and (iii) the value of the options as a component of the individual's overall compensation package. Total awards are also limited by the number of options available for grant from time to time under the Company's Stock Option Plan. Options awarded to a specific director are not voted on by that director.

Pension Disclosure

The Company does not provide a pension to its directors or named executive officers.

CORPORATE GOVERNANCE

General

"**Corporate Governance**" refers to the process and structure used to direct and manage the business and affairs of a corporation. The objective is to enhance shareholder value, including ensuring the financial viability of the business. Corporate governance processes and structures define the division of power among the shareholders, the board of directors and management, and establish ways to ensure accountability. They also take into account how the direction and management of the business will affect other stakeholders such as employees, customers, suppliers and communities.

The Canadian Securities Administrators have adopted two National Instruments, 58-201 *Corporate Governance Guidelines* ("**NI 58-201**") and 58-101 *Disclosure of Corporate Governance Practices* ("**NI 58-101**").

NI 58-201 sets forth a set of guidelines or "best practices" for reporting issuers to consider when evaluating their own corporate governance practices. Recognizing that not all of the guidelines set forth in NI 58-201 will be appropriate for all companies, full implementation of the guidelines is not mandated by either NI 58-201 or the TSX Venture Exchange. NI 58-101 mandates the disclosure of the corporate governance practices actually implemented by a reporting company, in certain prescribed disclosure documents.

As the business of the Company is straightforward, the Company is at an early stage of development, its Board is relatively small and the Company has limited financial resources, the Company's Corporate Governance practices are at an early stage of evolution. The following describes the Company's approach to corporate governance, in compliance with NI 58-101.

Board of Directors

The Company's Board consists of a total of four directors of which one director, Sorin Posescu, is independent and the remaining three directors are not independent. Lawrence Roulston, Marie Brannstrom and Paul Metcalfe are not independent in that they are executive officers of the Company.

In carrying out its responsibilities, the Board has no formal procedures designed to facilitate the exercise of independent supervision over management, relying instead on the integrity of the individual members of its management team to act in the best interests of the Company and its shareholders.

Directorships

Name of Director	Names of Other Reporting Issuers
Lawrence Roulston	Thunderstruck Resources Mountain Boy Minerals Ltd Romios Gold Resources Inc. Metalla Royalty and Streaming Ltd.
Sorin Posescu	Solidus Gold Inc.

Orientation and Continuing Education

The Company does not have a formal process of continuing education for directors. Generally, the Company expects that existing and new Board members will have a familiarity with the business of mineral exploration and development. Professional advisors may be invited to attend Board meetings, as needed. The Company also relies on the relatively straightforward nature of its business, and the established qualifications and expertise of its Board members.

Ethical Business Conduct

The Board has not adopted a written code for the Company's directors, officers and employees with respect to ethical business conduct. To the greatest extent possible, the Company attempts to attract and retain individuals with a well-developed personal code of ethical conduct in both their business and personal lives.

In considering a transaction in which a director has a material interest, the director is required to disclose the nature and extent of his interest to the Board and to abstain from voting on any resolution pertaining to the transaction.

Nomination of Directors

The Board does not have a Nominating Committee to identify new candidates for Board nomination. Potential candidates for appointment to the Board are considered by the Board as a whole, in reliance on the recommendations, qualifications and experience of its members. The Board recognizes that, in accordance with good corporate governance practices, it is desirable to appoint additional members who are independent, and has given weight to this consideration in most recent Board appointments.

Compensation

The Company's Board does not have a Compensation Committee. All matters related to compensation are considered and settled by the full Board, in reliance on the qualifications and experience of its members. While no specific procedures have been established to ensure an objective process for determining compensation, the Company believes its levels of compensation to be fair and appropriate. The Board has not engaged an outside consultant or advisor to assist in determining compensation for any of the Company's directors or officers.

Other Board Committees

The Board has no committees other than its audit committee.

Assessments

The Board has no specific procedures for regularly assessing the effectiveness and contribution of the Board, its committees or individual directors. As the business of the Company is relatively straightforward and its Board relatively small, it is expected that a significant lack of performance on the part of a committee or individual director would become readily apparent, and could be dealt with on a case-by-case basis. With respect to the Board as a whole, the Board monitors its performance on an ongoing basis, and as part of that process considers the overall performance of the Company and input from its shareholders.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No executive officer, director, employee, former executive officer, former director, former employee, proposed nominee for election as a director, or associate of any such person has been indebted to the Company or its subsidiaries at any time since the commencement of the Company’s last completed financial year. No guarantee, support agreement, letter of credit or other similar arrangement or understanding has been provided by the Company or its subsidiaries at any time since the beginning of the most recently completed financial year with respect to any indebtedness of any such person.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 of the Canadian Securities Administrators (“NI 52-110”) requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its Audit Committee and its relationship with its independent auditor, as set forth in the following.

The Company’s Audit Committee is governed by an Audit Committee Charter, the text of which is attached as Schedule A to this Information Circular. The Company’s Audit Committee is composed of three directors, Sorin Posescu, Marie Brannstrom, and Paul Metcalfe. As defined in NI 52-110, Sorin Posescu is “independent”. Also as defined in NI 52-110, all of the Audit Committee members are “financially literate”. Sorin Posescu has managed resource projects from grassroots discovery through to advanced stage development, production and closure. He has extensive experience in M&A and strong background in corporate and project valuation. Marie Brannstrom and Paul Metcalfe have extensive experience in the mineral exploration industry and have skills that translate effectively into analysis of financial information.

Since the commencement of the Company's most recently completed financial year, the Company's Board of Directors has not failed to adopt a recommendation of the Audit Committee to nominate or compensate an external auditor.

Since the commencement of the Company's most recently completed financial year, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. NI 52-110 provides that the Audit Committee must pre-approve all non-audit services to be provided by the Company's auditor. Section 2.4 provides an exemption from this requirement where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

All non-audit services provided to the Company by its external auditor must first be recommended by the Audit Committee and approved by the Board.

In the following table, "audit fees" are fees billed by the Company's external auditor for services provided in auditing the Company's annual financial statements for the subject year. "Audit-related fees" are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. "Tax fees" are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. "All other fees" are fees billed by the auditor for products and services not included in the foregoing categories.

The fees billed to the Company by its auditor in each of the last two fiscal years, by category, are as follows:

Financial Year Ending	Audit Fees	Audit Related Fees	Tax Fees	All Other Fees
December 31, 2017	\$25,500	Nil	\$2,000 ⁽¹⁾	Nil
December 31, 2016	\$21,420	Nil	\$2,000 ⁽¹⁾	Nil

Note:

⁽¹⁾ Fees related to the preparation and filing of income and related income tax issues.

The Company is relying on the exemption provided by section 6.1 of NI 52-110, which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

PARTICULARS OF MATTERS TO BE ACTED UPON

Election of Directors

Management intends to propose for adoption an ordinary resolution that the number of directors of the Company be fixed at four, subject to such increase as may be permitted by the articles of the Company.

Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. In the absence of instructions to the contrary, the shares represented by proxy will, on a poll, be voted for the nominees herein listed. Management does not contemplate that any of the nominees will be unable to serve as a director.

The following table sets out the names and residences of the persons proposed to be nominated for election as directors, the positions and offices which they presently hold with the Company, their respective principal occupations and the number of shares of the Company which each beneficially owns, or controls or directs, directly or indirectly, as of the date of this Information Circular:

Except as noted below, no proposed director of the Company is, at the date of this Information Circular, or has been within the 10 years before the date of this Information Circular, a director or executive officer of any company that, while that person was acting in that capacity, or within one year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets. Lawrence Roulston was a director of KBL Mining Ltd. (“KBL”), a company listed on the Australian Stock Exchange. KBL was placed into voluntary administration and receivers were appointed within a year of Mr. Roulston ceasing to act as a director.

No proposed director of the Company or personal holding company of a proposed director has, within the 10 years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

No proposed director of the Company or personal holding company of a proposed director has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or

The above information was provided by management and the proposed directors of the Company.
